

**NOTICE OF GRANT OF PLANNING PERMISSION**  
**Town and Country Planning Act 1990**  
**Town and Country Planning (Development Management Procedure)**  
**(England) Order 2015**

---

**Contact Name and Address:**  
European Metal Recycling Limited  
FAO Mr S Dodd  
Sirius House  
Delta Crescent  
Westbrook  
Warrington  
Cheshire  
WA5 7NS

**Application No:** ST/0249/15/FUL  
**Date of Issue:** 27/01/2016

---

In pursuance of their powers under the above mentioned Acts, South Tyneside Council as Local Planning Authority hereby **GRANT** planning permission for the following:

**PROPOSAL:** The storage and processing of unprocessed scrap metal, the installation of a shear, the installation of a diesel generator and a bunded diesel tank on part of the EMR site. (This is in addition to the current use of the EMR site which is the sorting and storage prior to loading onto ships of processed scrap metal.)

**LOCATION:** European Metal Recycling Ltd, Tyne Dock North West Quay, South Shields, NE34 9PL

In accordance with your application dated 18 March 2015

---

**SUBJECT TO THE FOLLOWING CONDITION(S) AND REASON(S):**

- 1 The development to which this permission relates must be commenced not later than 3 years from the date of this permission.

As required by Section 91 of the Town and Country Planning Act 1990 and to ensure that the development is carried out within a reasonable time.

- 2 The development shall be carried out in accordance with the approved plans as detailed below

Drawing no. TYDO20-200 Rev. D received 18 March 2015, but only in so far as it relates to the application site edged in red and the proposed development therein.

Drawing no. TYDO20-100 Shear Rev. received D 18 March 2015

Drawing no. TYDO20-100 Generator Rev. E received 26 January 2016

Drawing no. TYDO20-100 FT Rev. E received 26 January 2016

Any minor material changes to the approved plans will require a formal planning application under S73 of the Town and Country Planning Act 1990 to vary this condition and substitute alternative plans.

In order to provide a procedure to seek approval of proposed minor material change which is not substantially different from that which has been approved.

- 3 Before the shear is first brought into use, the noise mitigation localised screen set out at Section 7 (including Fig 7-1) in the submitted MAS Environmental Ltd report (ref MAS/EMR/DTB/150724 dated 24 July 2015) received by the Local Planning Authority on 03/08/2015 shall be carried out in full. The noise mitigation localised screen shall be retained onsite so long as the shear remains in situ and operational.

In order to ensure that the proposed noise mitigation is installed and retained in the interests of residential amenity in accordance with adopted Development Management Policy DM1 of the South Tyneside Local Development Framework.

- 4 Any facilities for the storage of fuel within the application site edged red as shown on Drawing no. TYDO20-200 Rev. D shall be provided with secondary containment that is impermeable to both the fuel and water, for example a bund, details of which shall be submitted to the Local Planning Authority for approval. The minimum volume of the secondary containment should be at least the capacity of the tank plus 10%. If there is more than one tank in the secondary containment the capacity of the containment should be at least the capacity of the largest tank plus 10% or 25% of the total tank capacity, whichever is greatest. All fill points, vents, gauges and sight gauge must be located within the secondary containment. The secondary containment shall have no opening used to drain the system. Associated above ground pipework should have no mechanical joints, except at inspection hatches and either leak detection equipment installed or regular leak checks. All fill points and tank vent pipe outlets should be detailed to discharge downwards into the bund.

Development shall be carried out in accordance with the approved details.

To prevent pollution of the River Tyne in accordance with the NPPF and adopted Development Management Policy DM1 of the South Tyneside Local Development Framework.

---

#### **NOTES TO APPLICANT:**

- 1 In dealing with this application the Council has implemented the requirements of the National Planning Policy Framework (paragraphs 186 & 187) to seek to approve applications for sustainable development where possible.

#### **2 ALL DEVELOPMENTS WITHIN COALFIELD STANDING ADVICE AREAS**

The proposed development lies within a coal mining area which may contain unrecorded coal mining related hazards. If any coal mining feature is encountered during development, this should be reported immediately to The Coal Authority on 0345 762 6848. It should also be noted that this site may lie in an area where a current licence exists for underground coal mining.

Further information is also available on The Coal Authority website at:  
[www.gov.uk/government/organisations/the-coal-authority](http://www.gov.uk/government/organisations/the-coal-authority)

Property specific summary information on past, current and future coal mining activity can be obtained from: [www.groundstability.com](http://www.groundstability.com)

### 3 UNIQUE NOTE TO APPLICANT

Your attention is drawn to the response of the Environment Agency (dated 18/09/2015) of which a copy was supplied directly to you (by the Environment Agency).

---

George Mansbridge  
Head of Development Services

**Your attention is drawn to the attached schedule of notes which form part of this notice**

## NOTES

- 1 This certificate is issued under the Town and Country Planning Acts, Regulations and Orders and does not constitute a permission, approval or consent by South Tyneside Council for any other purpose whatsoever. Applications must therefore be made to the appropriate Departments of the Council for any other permission, approval or consent (including Building Regulations approval or approval of South Tyneside Council as ground landlord where appropriate) which may be necessary in connection with the proposed development or anything incidental thereto, or the use to be made of the premises which form the subject of such development.
- 2 You may also require permissions, approvals or consents under other legislation, or from bodies other than South Tyneside Council. This could include works affecting a public sewer, gas main, or electricity line, works within the adopted highway, works affecting a public right of way, property covenants, legislation relating to disabled persons, land drainage consent, waste management consent, scheduled monument consent or works affecting protected habitats or species.
3. Any non-material change to the approved plan(s) that form part of this permission would require the submission of an application for a non-material change under section 96A of the Town and Country Planning Act 1990. Whether changes to a proposed development are considered non-material is a matter for Planning Authority discretion.
- 4 The approved development should be implemented in strict compliance with all of the planning conditions, and in particular any which require details to be approved prior to the commencement of the development. Failure to do so may result in any commencement of development being unauthorised, which could be liable to enforcement action.
- 5 If you wish to change, or not comply with, any of the planning conditions attached to the permission, then you will need to submit a new application for planning permission under section 73 of the Town and Country Planning Act 1990. This does not affect your statutory rights of appeal against any of the planning conditions. This includes if you wish to not comply with a condition attached to a permission which details the approved plan(s), so as to make a minor material change to the approved plan(s). A minor material change is defined as one whose scale and nature results in a development that is not substantially different from that which has been approved.
- 6 Your attention is drawn to your responsibilities under the Chronically Sick and Disabled Persons Act 1970 and the Disability Discrimination Act 1995 relating to disabled persons, to ensure that adequate attention has been paid to their needs. If the proposed development involves new or existing buildings to which the public are to be admitted, or offices, shops, railway premises, factories or educational buildings, provision should be made for the means of access, parking and sanitary conveniences to meet the needs of disabled people. In addition, appropriate signposting of the facilities should be provided. In carrying out these statutory obligations your attention is drawn to the "Code of Practice for Access for the Disabled to Buildings" (BS5810:1979). You are advised to seek professional advice to ensure that you meet your legal obligations under the Disability Discrimination Act 1995, especially with regard to Part III thereof.

## **APPEALS TO THE SECRETARY OF STATE**

### **7 Only the applicant possesses the right of appeal**

If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990.

If you want to appeal against your local planning authority's decision then you must do so within 6 months of the date of this notice unless:

- If this is a decision on a planning application relating to the same or substantially the same land and development as is already the subject of an enforcement notice [reference no. if applicable], if you want to appeal against your local planning authority's decision on your application, then you must do so within 28 days of the date of this notice; or
- If an enforcement notice is served relating to the same or substantially the same land and development as in your application and if you want to appeal against your local planning authority's decision on your application, then you must do so within 28 days of the date of service of the enforcement notice, or within 6 months of the date of this notice, whichever period expires earlier.

Appeals must be made using a form which you can get from the Secretary of State at Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN (Tel: 0303 444 5000) or online at <https://acp.planninginspectorate.gov.uk>

The Secretary of State can allow a longer period for giving notice of an appeal but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.

The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.

## **PURCHASE NOTICES**

- 8 If permission to develop land is granted subject to conditions, whether by South Tyneside Council as local planning authority or by the Secretary of State for Communities and Local Government, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted. In these circumstances the owner may serve a purchase notice on the Council, requiring the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.
