Morning Christina,

Thank you for your email, please see below points of clarification as requested:

1. External materials will match the existing i.e. blockwork and cladding as exists currently
2. The hashed 'signage' zone on the side elevation will be covered by a separate advert consent to be submitted shortly
3. The new entrance will have a level threshold

I trust this is helpful, however please do let me know if you require anything further.

Kind Regards,

Caroline
