

The unit's operating times, including any regular evening/weekend hours and use.

The prefab classroom essentially operates the same hours as the school. It is opened at 5.30am by the site manager as he opens the school and it is closed at 6.00pm. The core hours of use are 8.00am to 4.30pm. This has remained constant since the unit was placed on the school site and will be that same going forward.
