

Landscape Information

To clarify there will be no works carried out to any of the trees noted on the proposed site plan- there was an error in leaving them off the original proposed site plan which has now been amended to show them.

Photographs taken August 2015

Tree 1

Located on site plan within the boundary of 12 The Orchard/South Lane.

No work to be carried out. This shows the canopy of tree 1 which is approximately 3 metres above the garage roof. Great care will be taken when replacing the roof although the canopy height of the tree is much higher than the proposed work. There is no digging in this area.

Tree 2

No work to be carried out. No digging in this area.

ADDITIONAL INFORMATION

Landscape Information

To clarify there will be no works carried out to any of the trees noted on the proposed site plan- there was an error in leaving them off the original proposed site plan which has now been amended to show them.

Tree 3

Located on site plan within the boundary of 10 The Orchard

No work to be carried out and great care will be taken when digging the ground in this area So as not to damage any possible roots which may be present on the other side of the wall. This is the only area where digging down is required within close proximity of the marked trees.

Tree 4

Located within the boundary of 43 Front Street

No work to be carried out.
