### 3. Description of the Proposal

Please describe the proposed development including any change of use:

It is proposed to install a new NGN gas governor on land parallel to Monkton Lane, Hebburn. NGN are looking to undertake a major upgrade of the gas network in Hebburn that will allow them to abandon approximately 1500m of old gas main. NGN can then secure gas supplies to their customers in the area with a view to prevent numerous unplanned works. The existing gas main under the highway would become redundant therefore avoiding disruptive intrusive repair works in the highway that would otherwise be required.

With regard to the Monkton Lane site, this site would be better in terms of its impact on residents. However, as the site is a local park/woodland I will need to consult with our Countryside Officer.
