Application for Planning Permission. Town and Country Planning Act 1990

Publication of applications on planning authority websites.

Please note that the information provided on this application form and in supporting documents may be published on the Authority's website. If you require any further clarification, please contact the Authority's planning department.

1. Applicant Na	ame, Address and Contact Details				
Title: Mr	First name:	Surname:			
Company name	IDS Limited]			
Street address:	10]	Country Code	National Number	Extension Number
	Didcot Way	Telephone number:			
		Mobile number:			
Town/City	Boldon Colliery				
County:	South Tyneside	Fax number:			
Country:	United Kingdom	Email address:			
Postcode:	NE35 9PD				
Are you an agent a	cting on behalf of the applicant?	O No			
2. Agent Name	e, Address and Contact Details				
Title: Mr	First Name: Nick	Surname: Gle	ndinning		
Company name:	Portakabin Ltd, Total Solutions]			
Street address:	Portakabin Ltd Total Solutions]	Country Code	National Number	Extension Number
	Gelderd Road	Telephone number:			
		Mobile number:		07772854046	
Town/City	Leeds	Fax number:			
County:	West Yorkshire (Met County)				
Country:		Email address:			
Postcode:	LS12 6LZ	nicholas.glendinning@	portakabin.coi	m	
3. Description	of the Proposal				
Please describe the	proposed development including any change of use:				
	g Permission for a single storey Portakabin building currently being n is required for a further 3 year temporary period.	g used as office and labora	tory facilities.		
Has the building, w	vork or change of use already started? O Yes •) No			

4. Site Addres	s Details	5								
Full postal address	s of the site	e (including ful	postcode whe	re available	e)	Description:	:			
House:	10		Suffix:							
House name:										
Street address:	Didcot V	Vay								
Town/City:	Boldon (Colliery								
County:	South Ty	neside								
Postcode:	NE35 9P	D				_				
Description of loca (must be complet			vn):							
Easting:		434360								
Northing:	!	561100								
	L									
5. Pre-applica	tion Adv	/ice								
Has assistance or	orior advice	e been sought	from the local a	authority ab	bout this applica	tion?	0	Yes 💿 N	lo	
6. Pedestrian	and Veh	icle Access	, Roads and	l Rights c	of Way					
Is a new or altered	vehicle ac	cess proposed	to or from the	public high	wav?	◯ Ye	es 💿 No			
Is a new or altered					-		Yes • No			
	-									
Are there any new		-			⊖ Ye	s 💽 No	.	A		
Are there any new	public rigl	hts of way to b	e provided witl	nin or adjac	cent to the site?		C Yes	No		
Do the proposals	require any	diversions/ex	tinguishments	and/or crea	ation of rights of	way?	0	Yes 💿 No)	
7. Waste Stora	age and	Collection								
	•					A	<u> </u>			
Do the plans inco	porate are	as to store and	aid the collect	ion of waste	e?	C Yes	No			
Have arrangemen	ts been ma	ide for the sep	arate storage a	nd collectio	on of recyclable v	vaste?		Yes 🔿	No	
If Yes, please prov										
Existing on site sys	stems used									
8. Authority E	mploye	e/Member								
(b) an (c) rela	ember of s elected me ted to a me	taff								
			L	io any of th	ese statements a	ipply to you?	O	Yes (• N	U	
9. Materials										
Please state what	materials (i	including type	, colour and na	me) are to k	be used external	y (if applicable)):			
Walls - description Description of exist		ials and finishe	s:							
										protection against fire, e will be Goosewing
Description of pro	posed mate	erials and finisl	nes:]

External walls are of a durable one-piece construction with high-performance, low-maintenance plastisol-coated galvanised steel cladding to offer protection against fire, extreme weather and accidental damage. Internally, the walls are of vinyl-faced plasterboard, providing a wipe-clean finish. External colour scheme will be Goosewing Grey.

9. (Materials continued)

Roof - description:

Description of *existing* materials and finishes:

Outstanding insulation is provided by the construction of the roof. The roof deck is of one-piece construction and is impact resistant. It is covered with solar-reflective, profiled aluminium-zinc coated steel to reduce heat gain. Internally, the polyester-coated galvanised steel ceiling is designed to prevent condensation problems and has a low-maintenance finish. External colour scheme will be White.

Description of proposed materials and finishes:

Outstanding insulation is provided by the construction of the roof. The roof deck is of one-piece construction and is impact resistant. It is covered with solar-reflective, profiled aluminium-zinc coated steel to reduce heat gain. Internally, the polyester-coated galvanised steel ceiling is designed to prevent condensation problems and has a low-maintenance finish. External colour scheme will be White.

Windows - description:

Description of existing materials and finishes:

The windows have PVC-U frames and are double-glazed with low energy glass for optimum thermal performance. Draught and condensation problems are minimised by effective weather seals and the low thermal conductivity of the window frame and glazing materials. Windows in critical locations are glazed with toughened safety glass as standard with a variety of other glazing available as an option. External colour scheme will be blue.

Description of proposed materials and finishes:

The windows have PVC-U frames and are double-glazed with low energy glass for optimum thermal performance. Draught and condensation problems are minimised by effective weather seals and the low thermal conductivity of the window frame and glazing materials. Windows in critical locations are glazed with toughened safety glass as standard with a variety of other glazing available as an option. External colour scheme will be blue.

Doors - description:

Description of existing materials and finishes:

Steel-faced doors have an insulating core that minimises heat loss. The anodized aluminium frame also incorporates draught-proof weather seals. External colour scheme will be Admiral Grey.

Description of proposed materials and finishes:

Steel-faced doors have an insulating core that minimises heat loss. The anodized aluminium frame also incorporates draught-proof weather seals. External colour scheme will be Admiral Grey.

Are you supplying additional information on submitted plan(s)/drawing(s)/design and access statement?

If Yes, please state references for the plan(s)/drawing(s)/design and access statement:

Plan and Elevations Drawing.

10. Vehicle Parking

Please provide information on the existing and proposed	number of on-site parking spaces:			
Type of vehicle	Existing number of spaces	Total proposed (including spaces retained)	Difference in spaces	
Cars	84	84	0	
Light goods vehicles/public carrier vehicles	0	0	0	
Motorcycles	0	0	0	
Disability spaces	2	2	0	
Cycle spaces	8	8	0	
Other (e.g. Bus)	0	0	0	
Short description of Other		•		

11. Foul Sewage					
Please state how foul s	ewage is to be disposed	of:			
Mains sewer	\boxtimes	Package treatment plant		Unknown	
Septic tank		Cess pit			
Other					
Are you proposing to a	connect to the existing d	rainage system? • Yes	O No C	Unknown	
If Yes, please include th	ne details of the existing	system on the application drawings and	state references	for the plan(s)/drawing(s):	
Previously connected of	on site.				

💿 Yes 🔿 No

12. Assessment of Flood Risk									
Is the site within an area at risk of flooding? (Refer to the Environment Agency's Flood Map showing flood zones 2 and 3 and consult Environment Agency standing advice and your local planning authority requirements for information as necessary.)									
If Yes, you will need to submit an appropriate flood risk assessment to consider the risk to the proposed site.									
Is your proposal within 20 metres of a watercourse (e.g. river, stream or beck)? O Yes No									
Will the proposal increase the flood risk elsewhere? O Yes O No									
How will surface water be disposed of?									
Sustainable drainage system Main sewer Pond/lake									
Soakaway Existing watercourse									
13. Biodiversity and Geological Conservation									
To assist in answering the following questions refer to the guidance notes for further information on when there is a reasonable likelihood that any important biodiversity or geological conservation features may be present or nearby and whether they are likely to be affected by your proposals.									
Having referred to the guidance notes, is there a reasonable likelihood of the following being affected adversely or conserved and enhanced within the application site, OR on land adjacent to or near the application site:									
a) Protected and priority species									
Yes, on the development site Yes, on land adjacent to or near the proposed development Image: No									
b) Designated sites, important habitats or other biodiversity features									
Yes, on the development site Yes, on land adjacent to or near the proposed development Image: Note that the proposed development									
c) Features of geological conservation importance									
Yes, on the development site Yes, on land adjacent to or near the proposed development Image: Note that the proposed development									
14. Existing Use									
Please describe the current use of the site:									
Office and laboratory facility.									
Is the site currently vacant? O Yes O No									
Does the proposal involve any of the following? If yes, you will need to submit an appropriate contamination assessment with your application.									
Land which is known to be contaminated? Ves No									
Land where contamination is suspected for all or part of the site? Ves No A proposed use that would be particularly vulnerable to the presence of contamination? Ves No									
15. Trees and Hedges									
Are there trees or hedges on the proposed development site? Or Yes O No									
And/or: Are there trees or hedges on land adjacent to the proposed development site that could influence the development or might be important as part of the local landscape character?									
development or might be important as part of the local landscape character? (Yes (Yes (Yes (Yes (Yes (No If Yes to either or both of the above, you may need to provide a full Tree Survey, at the discretion of your local planning authority. If a Tree Survey is required, this and the									
accompanying plan should be submitted alongside your application. Your local planning authority should make clear on its website what the survey should contain, in accordance with the current 'BS5837: Trees in relation to design, demolition and construction - Recommendations'.									
16. Trade Effluent									
Does the proposal involve the need to dispose of trade effluents or waste? O Yes O No									
17. Residential Units									
Does your proposal include the gain or loss of residential units? O Yes O No									
18. All Types of Development: Non-residential Floorspace									
Does your proposal involve the loss, gain or change of use of non-residential floorspace? Yes No 									
Use class/type of useExisting gross internal floorspace (square metres)Gross internal floorspace to be lost by change of use or demolition (square metres)Total gross new internal floorspace proposed (including changes of use)
