Subject: Planning Permission for SS& Westoe Club Temp Caravan Storage

F.A.O. Garry Simmonette

Hi Garry
as requested i have the information you need to help to inform you of the layout of the club.

To whom it may concern

We have applied for planning permission to change our old tennis courts that are no longer in use for the use as temp caravan storage, to help fund the running of the club .
We already have an existing side entrance in Hartington Ter for access for vehicles to use for our fields i.e. ambulances ,goods etc. and is always locked .

This entrance is the entrance the caravans use for access to the storage area. This is not used often as they only bring their caravans in and leave them for a few month till they need to take them out .
I have attached a few photos to show the Hartington Ter entrance .
Hope this helps

Regards

Jan Robinson (Manager)
