- 2 The development shall be carried out in accordance with the approved plan as detailed below:

Proposed floor, elevation and section plans received 23/08/2016.

Any minor material changes to the approved plans will require a formal planning application under S73 of the Town and Country Planning Act 1990 to vary this condition and substitute alternative plans.

In order to provide a procedure to seek approval of proposed minor material change which is not substantially different from that which has been approved.

NOTES

- 1 This certificate is issued under the Town and Country Planning Acts, Regulations and Orders and does not constitute a permission, approval, or consent for any other purpose. Applications should be made for any other permission, approval or consent required from South Tyneside Council (including Building Regulations approval, or approval of South Tyneside Council as ground landlord where appropriate) which may be necessary in connection with the proposed development, or anything incidental thereto, or the use to be made of the premises which form the subject of such development.
- 2 You may also require permissions, approvals or consents under other legislation, or from bodies other than South Tyneside Council. This could include works affecting a public sewer, gas main, or electricity line, works within the adopted highway, works affecting a public right of way, property covenants, legislation relating to disabled persons, land drainage consent, waste management consent, scheduled monument consent or works affecting protected habitats or species.
- 3 Any non-material change to the approved plan(s) that form part of this permission would require the submission of an application for a non-material change under section 96A of the Town and Country Planning Act 1990. Whether changes to a proposed development are considered non-material is a matter for Planning Authority discretion.
- 4 The approved development should be implemented in strict compliance with all of the planning conditions, and in particular any which require details to be approved prior to the commencement of the development. Failure to do so may result in any commencement of development being unauthorised, which could be liable to enforcement action.
- 5 If you wish to change, or not comply with, any of the planning conditions attached to the permission, then you will need to submit a new application for planning permission under section 73 of the Town and Country Planning Act 1990. This does not affect your statutory rights of appeal against any of the planning conditions. This includes if you wish to not comply with a condition attached to a permission which details the approved plan(s), so as to make a minor material change to the approved plan(s). A minor material change is defined as one whose scale and nature results in a development that is not substantially different from that which has been approved.

APPEALS TO THE SECRETARY OF STATE

6 Only the applicant possesses the right of appeal

If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990.

As this is a decision to refuse planning permission for a householder application, if you want to appeal against your local planning authority's decision then you must do so within 12 weeks of the date of this notice unless:

- If this is a decision on a planning application relating to the same or substantially the same land and development as is already the subject of an enforcement notice [reference no. if applicable], if you want to appeal against your local planning authority's decision on your application, then you must do so within 28 days of the date of this notice; or
- If an enforcement notice is served relating to the same or substantially the same land and development as in your application and if you want to appeal against your local planning authority's decision on your application, then you must do so within 28 days of the date of service of the enforcement notice, or within 12 weeks of the date of this notice, whichever period expires earlier.

Appeals must be made using a form which you can get from the Secretary of State at Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN (Tel: 0303 444 5000) or online at <https://acp.planninginspectorate.gov.uk>

The Secretary of State can allow a longer period for giving notice of an appeal but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.

The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.

PURCHASE NOTICES

- 7 If permission to develop land is granted subject to conditions, whether by South Tyneside Council as local planning authority or by the Secretary of State for Communities and Local Government, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted. In these circumstances the owner may serve a purchase notice on the Council, requiring the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.
