

- General Notes**
- This drawing has been checked in accordance with Black & White Engineering (B&W) QA checking procedures.
 - Do not scale from this drawing. All dimensions indicated are in millimeters unless otherwise stated. Validate all measurements on site.
 - All plant and equipment dimensions are typical. The Contractor should show actual, approved plant and equipment sizes.
 - This drawing is to be read in conjunction with all relevant B&W MEP specifications, schedules and standard key to symbols sheet.
 - Any discrepancies between the drawings and other documents should be brought to the attention of the engineer.
 - This drawing is not an installation drawing. It is the Contractor's responsibility to make final coordinated installation shop drawings.
 - Final ceiling coordination subject to interior design package.
 - Contractor to coordinate final distribution routes with available sleeves and openings in beams / structure.
 - The contents of this drawing shall be read in conjunction with the current revisions of other relevant Architectural, Structural, Mechanical and Electrical drawings and all relevant sections of the specifications.

- Lighting Levels:**
- 5 Lux
 - 10 Lux
 - 50 Lux
