Your Reference number: ST/0169/19

Dear Sir/Madame,

Dean taxis are an existing well established business operating predominantly in the Gateshead area and are looking to site a Server computer in South Tyneside area to enable Drivers who have vehicles Plated in S.Tyneside to work in the Gateshead area in accordance with guidelines given by Laurence Waldock Taxi Licencing, the server will hopefully be sited within the conservatory of 31 Addison road, West Boldon, NE36 0QY. purely to time and date the offer and acceptance of work given to a S.Tyneside car.
They will be no staff, drivers of any signage to be sited at this address, the Server will only be used online via a VPN link to the main Gateshead site or at the request of South Tyneside Taxi licencing officers. we are getting several requests from drivers to join our company who are not wanting to work for Richmond taxis who now have a monopoly in S. Tyneside and it's on their behalf we have been prompted to apply.

Should you require any further information on this matter I will be pleased to give upon request

Yours Sincerely

[redacted]

Mr Kenneth Dodds
