Dear [redacted]

RE: Former West Boldon Primary School

Attachments:-

- Investigation Works Record Sheet (Relic Foundations)
- Photographic Record Sheet

As requested by Gus Robinson Developments Ltd, Arc Environmental Ltd attended site on the 18th & 19th October to undertake a site scrape to determine if any relic obstructions (i.e. foundations / floor slabs) remain insitu following demolition of the previous School buildings.

Arc Environmental Ltd carried out a site scrape across the footprint of the previous School building using a JCB 3CX, and during these works several relic walls and foundations were recorded. Following completion of the works the exposed features were photographed, recorded with the features surveyed by Gus Robinson Developments Ltd. Details of the features recorded can be seen on the attached investigation works record sheet and site photographic record sheet. During these site works, made ground was recorded to depths of between c.0.50m and c.0.80m below current ground level (bcgl).

We trust the contents of this brief report and attachments are to your satisfaction. However, if you require any further information or clarification please do not hesitate to contact us.

Yours sincerely,

[redacted]……
For and on behalf of Arc Environmental Ltd
[redacted]
Director
