- Erect full HSE (Health & Safety Executive) compliant scaffolding to the gable, with 1 meter return to the front and 3 meters to the rear, to access leadwork and coping stones, complete with handrails and scaffolding tags and 4-5 lifts high by 15 metres in total. Pavement licence required.
- Full Risk Assessments and Toolbox talks administered, then signed, and reviewed daily to adhere and comply with LORD Roofing and Grounds Works HSE regulations policy.
- Supply and fit new Code 5 lead cover flashings at approximately 7 linear metres approx. 1m wide, with 1 to 1.5 metre sections with expansion joints to prevent fracture through thermal movement and professionally secure and seal for maximum protection from the elements. Treat all leadworks with two coats of Patination oil to prevent oxidation.

NOTE this is a listed building so mortar must be used.

This new premium-grade Code 5 Lead Capping Installation System comes with a 10-Year LORD Roofing and Grounds Works GPI Insurance-Backed Guarantee in accordance with the government-backed Trustmark, Consumer Protection Association and Confederation of Roofing Contractors License as standard, transferrable in the event of a re-sale. All works carried out by LORD Roofing and Grounds Works Level 4 Master Roofers and a time-served joiner. A Directors Location Discount is available to be discussed directly with the client.

All work is subject to our detailed terms and conditions. Copies of which will be provided via a contract, which must be signed before any work is commenced. LORD Roofing and Grounds Works Ltd also require a 20% deposit to book works into our fitting queue.
