Description of the site and of the proposals

The application site is a semi-detached property located in South Shields. The proposal is for a dormer window to the rear roof slope.

Publicity / Consultations (Expiry date 01/03/2024) - None received.

Other Relevant Matters

The Equality Act 2010 requires local authorities to comply with the Public Sector Equality Duty. The requirement to consider, and have due regard to, the needs of diverse groups to eliminate discrimination, advance equality of opportunity and access, and foster good relations between different groups in the community has been fully taken into account in the consideration of the planning application to date and at the time of making the recommendation in this report.

In this instance it is considered that the proposals do not raise any specific implications in these respects and therefore it is not considered that a full Equality, Diversity, Cohesion and Integration Impact Assessment (EDCI) is required.

Assessment

LDF Policy DM1 seeks to preserve the visual amenity of the area (limb A) and the residential amenity of neighbouring properties (limb B), whilst Supplementary Planning Document 9 provides guidance for householder developments. Having regard to the design, scale, massing and relationship with neighbouring properties of the proposed development, it is considered that it would not give rise to significant harm to the visual amenity of the area or the residential amenity of any neighbouring properties.

Recommendation

Grant Permission Householder with Conditions

Conditions

1 The development to which this permission relates must be commenced not later than 3 years from the date of this permission.

As required by Section 91 of the Town and Country Planning Act 1990 and to ensure that the development is carried out within a reasonable time.

2 The development shall be carried out in accordance with the approved plan(s) as detailed below

Existing and Proposed Roof Plan received 01.02.2024
Existing and Proposed Second Floor Plan received 01.02.2024
Existing Ground Floor and First Floor Plans received 01.02.2024
Proposed Side View received 01.02.2024

Any minor material changes to the approved plans will require a formal planning application under S73 of the Town and Country Planning Act 1990 to vary this condition and substitute alternative plans.

In order to provide a procedure to seek approval of proposed minor material change which is not substantially different from that which has been approved.

3 The external surfaces of the development hereby permitted shall be of similar appearance to those used in the construction of the exterior of the existing building on which the extension will form part.

To ensure a satisfactory standard of development and in the interests of visual amenity in accordance with South Tyneside LDF Development Management Policy DM1.

Informatives

1 The proposed development lies within a coal mining area which may contain unrecorded coal mining related hazards. If any coal mining feature is encountered during development, this should be reported immediately to the Coal Authority on 0345 762 6848.
