Dear Sir

VEHICULAR ACCESS CROSSING -

Thank you for your recent enquiry regarding the provision of a 4 kerbs access crossing at the above address. I can confirm that the cost of completing the aforementioned works is £1807.00. It should be noted that this refers only to the works within the public footways, highway kerb line and, if appropriate, verge areas; it does not include for any works to adjacent boundary walls, fences, trees etc or any planning fees/charges if applicable. This quotation will remain open for acceptance for a period of three months from the date of this letter.

Should you wish to accept this quotation please complete and sign the box at the bottom of this letter and return by post to Frankie Mcguckian. **Alternatively you can copy, scan or take a clear photograph of this page / slip and email directly to frankie.mcguckian@southtyneside.gov.uk**Once payment is received, we should endeavour to carry out the works within a 4-6 week period.

Should you wish to have the works carried out by a private contractor this would be possible, providing that they hold in-date accreditation in the form of the NRASWA, and the contractor has a minimum of £5 million Public Liability insurance. Under powers contained in the Highways Act 1980, the contractor must also raise a Section 184 notice with the highways street works team before commencement of any works on the highway.

This documentation must be produced and presented to our Clerk of Works before the commencement of any works on the Highway. It is your duty, should you choose to appoint a private contractor, to ensure they have successfully obtained all the above and presented these before undertaking any works.

Yours faithfully

Frankie Mcguckian

Highways Technician

South Tyneside Council, Town Hall and Civic Offices, Level 2, Broughton Road, South Shields, Tyne and Wear, NE33 2RL

I have read the attached quotation for an access crossing in the sum of £ _____

And agree to pay this amount before commencement of the works.
