South Tyneside Council

NOTICE OF GRANT OF CONSENT TO TREE WORK

Town and Country Planning Act 1990
Town and Country Planning (Tree Preservation) (England) Regulations 2012

Contact Name and Address:
Mr Mark Reid
8 Belgrave Gardens
South Shields
NE34 6AW

Application No: ST/0594/24/TPOW
TPO No: TPO7
Date of Issue: 27/11/2024

In pursuance of their powers under the above-mentioned Act and Regulations made under it, South Tyneside Council as Local Planning Authority hereby **GRANT** consent for the following works:

Proposal: Application for Tree Works: Works to Trees Subject to a Tree Preservation Order (TPO). TPO7: 1 x sycamore tree in front garden, crown reduction on west side by up to 1.5m, reduce selected branches north side by up to 2m to balance. Remove epicormic growth from stem.

Location: 8 Belgrave Gardens, South Shields, NE34 6AW

In accordance with your application dated 24/09/2024

SUBJECT TO THE FOLLOWING CONDITION(S) AND REASON(S):

1 The tree work to which this consent relates must be completes in full, no later than 2 years from the date of this consent and may not be carried out more than once, unless authorised by further grant of consent.

In order that the works remain appropriate and suited to the present form and conditions of the trees concerned, in line with LDF Policy DM1 and the NPPF.

2 The tree works are to be compliant with British Standard: 3998 [2010] (tree work - recommendations).

In order to maintain the health and visual amenity of the trees affected, in accordance LDF Policy DM1 and the NPPF.

A Inch

Andrew Inch
Senior Manager – Planning
Housing and Planning
South Tyneside Council

Your attention is drawn to the attached schedule of notes which form part of this notice

NOTES

1 This consent is issued under the Town and Country Planning Act 1990 and regulations made thereunder; it does not constitute a permission, approval, or consent for any other purpose. Applications should be made for any other permission, approval or consent required from South Tyneside Council (including Building Regulations approval, or approval of South Tyneside Council as ground landlord where appropriate) which may be necessary in connection with the proposed tree works, or anything incidental thereto.

2 You may also require permissions, approvals or consents under other legislation, or from bodies other than South Tyneside Council. This could include works affecting an electricity line, works within the adopted highway, works affecting a public right of way, property covenants, consent or works affecting protected habitats or species.

3 Although the Council can grant consent for tree work on land which does not belong to you, this does not give you the automatic right to enter that land and carry out that work. You must first of all seek permission from the landowner before commencement of any work.

4 All British bats are protected by both UK and European legislation. This legal protection extends to any place that a bat uses for shelter or protection whether bats are present or not. Should bats or signs of bats (such as droppings or dead bats) be discovered at any stage during the works, work must stop immediately and advice sought from Natural England. Failure to do this may result in an offence being committed, regardless of this consent to carry out tree works, and could lead to prosecution.

5 An appeal can be made against any condition attached to the Council's consent to the Secretary of State for the Environment by submitting a completed TPO consents appeal form which can be obtained from the Planning Inspectorate. This can be found online at: https://www.gov.uk/government/publications/tree-preservation-order-appeal-form.

The completed appeal form and any supporting documents must be received by PINs within 28 days of the date of the Council's decision.
