Eco Habitats for swifts

Swift Box

Swifts come to the UK for just months each summer from Central and Southern Africa. Despite legal protection their numbers are declining. Since Roman times they have been at home in traditional man-made buildings. However they find it increasingly difficult to find nest sites in modern or refurbished buildings due to the effective sealing of the eaves.

- Designed with the needs of the swift in mind
- Available in Smooth Blue, Smooth Cream and Smooth Red
- Discrete nesting box for location near eaves

- Ideal for new build and conservation work

Size (Width x Depth x Height) (mm)	Total System Weight (kg)	Durability
327 x 140 x 140	4.5	Frost Resistant
