

NOTICE OF GRANT OF PLANNING PERMISSION
Town and Country Planning Act 1990
Town and Country Planning (Development Management Procedure)
(England) Order 2015

Contact Name and Address:

South Tyneside Council
FAO Mr Kevin Calvert
Building & Compliance Manager
Town Hall & Civic Offices
Westoe Road
South Shields
NE33 2RL

Application No: 250281

Date of Issue: 20/08/2025

In pursuance of their powers under the above mentioned Acts, South Tyneside Council as Local Planning Authority hereby **GRANT** planning permission for the following:

Proposal: Convert 4no. existing redundant tennis courts within West Park into a BMX pump track

Location: West Park, Stanhope Road, South Shields, NE33 4BP

SUBJECT TO THE FOLLOWING CONDITION(S) AND REASON(S):

- 1 The development to which this permission relates must be commenced not later than 3 years from the date of this permission.

As required by Section 91 of the Town and Country Planning Act 1990 and to ensure that the development is carried out within a reasonable time.

- 2 The development shall be carried out in accordance with the approved plan(s) as detailed below:

Drg no OT-WPPT-002 Site plan - received 15.04.2025

Drg no OT-WPPT-003 Illustrated design and sections - received 15.04.2025

Drg no OT-WPPT-004 Design detail - received 15.04.2025

Drg no OT-WPPT-005 Pump track details - received 15.04.2025

Any minor material changes to the approved plans will require a formal planning application under S73 of the Town and Country Planning Act 1990 to vary this condition and substitute alternative plans.

In order to provide a procedure to seek approval of proposed minor material change which is not substantially different from that which has been approved.

- 3 The materials to be used for the proposed development shall be as set out in the application form received 15.04.2025 and as demonstrated in the following plan: Drg no OT-WPPT-003 Illustrated design and sections - received 15.04.2025

To ensure a satisfactory standard of development in the interests of visual amenity and the

preservation of the character of the listed building in accordance with policies DM1 of the South Tyneside Local Development Framework.

4

Construction Method Statement

Development shall not commence until a Construction Method Statement (CMS), together with a supporting plan, has been submitted to and approved in writing by the Local Planning Authority. The approved CMS shall be adhered to throughout the construction period. The CMS and supporting plan, where applicable shall provide for:

- a) highway dilapidation / condition survey of the highway areas adjacent to and on the approaches to the site (with a highway representative present at the survey);
- b) details of temporary traffic management measures, temporary boundary treatments, segregated vehicular and pedestrian gates, visibility splays, temporary access routes and vehicles;
- c) vehicle cleaning facilities and/or measures to ensure that the public highway is cleansed of debris from the construction vehicles;
- d) the parking of vehicles of site operatives.
- e) the loading and unloading of plant and materials, including turning area facilities (proven by swept path analysis drawings);
- f) storage of plant and materials used in constructing the development;
- g) Details of the number of HGV movements daily, routing of vehicle to/from site and quantity of materials to be imported to site

Reason: To prevent nuisance in the interests of residential amenity and highway safety, in accordance with South Tyneside LDF Policy DM1 and the NPPF.

NOTES TO APPLICANT:

In accordance with Article 35(2) of the Town and Country Planning (Development Management Procedure) (England) Order 2015, the Local Planning Authority has, without prejudice to a fair and objective assessment of the proposals, issues raised and representations received, sought to work with the applicant in a positive and proactive manner with the objective of delivering high quality sustainable development to improve the economic, social and environmental conditions of the area in accordance with the NPPF (National Planning Policy Framework).

1 Approval of a Biodiversity Gain Plan NOT REQUIRED before development commences

The effect of paragraph 13 of Schedule 7A to the Town and Country Planning Act 1990 is that planning permission granted for the development of land in England is deemed to have been granted subject to the condition "(the biodiversity gain condition)" that development may not begin unless:

- (a) a Biodiversity Gain Plan has been submitted to the planning authority, and
- (b) the planning authority has approved the plan.

However, based on the information available, this permission is considered to be one which will not require the approval of a biodiversity gain plan before development is begun because one or more of the statutory exemptions or transitional arrangements are considered to apply - please refer to Biodiversity net gain: exempt developments - GOV.UK (www.gov.uk).

- 2 The proposed development lies within an area that has been defined by the Mining Remediation Authority as containing coal mining features at surface or shallow depth. These features may include: mine entries (shafts and adits); shallow coal workings; geological features (fissures and break lines); mine gas and former surface mining sites. Although such features are seldom readily visible, they can often be present and problems can occur, particularly as a result of new development taking place.

Any intrusive activities which disturb or enter any coal seams, coal mine workings or coal mine entries (shafts and adits) requires a Mining Remediation Authority Permit. Such activities could include site investigation boreholes, excavations for foundations, piling activities, other ground works and any subsequent treatment of coal mine workings and coal mine entries for ground stability purposes. Application forms for Mining Remediation Authority permission and further guidance can be obtained from The Mining Remediation Authority's website at: www.gov.uk/get-a-permit-to-deal-with-a-coal-mine-on-your-property
What is a permit and how to get one? - <https://www.gov.uk/government/publications/permit-process/permit-process>

If any coal mining features are unexpectedly encountered during development, this should be reported immediately to the Mining Remediation Authority on 0800 288 4242. Further information is available on the Mining Remediation Authority website at: <https://www.gov.uk/government/organisations/mining-remediation-authority>.

A Inch

Andrew Inch
Senior Manager Planning

Your attention is drawn to the attached schedule of notes which form part of this notice

NOTES

- 1 This certificate is issued under the Town and Country Planning Acts, Regulations and Orders and does not constitute a permission, approval or consent by South Tyneside Council for any other purpose whatsoever. Applications must therefore be made to the appropriate Departments of the Council for any other permission, approval or consent (including Building Regulations approval or approval of South Tyneside Council as ground landlord where appropriate) which may be necessary in connection with the proposed development or anything incidental thereto, or the use to be made of the premises which form the subject of such development.
- 2 You may also require permissions, approvals or consents under other legislation, or from bodies other than South Tyneside Council. This could include works affecting a public sewer, gas main, or electricity line, works within the adopted highway, works affecting a public right of way, property covenants, legislation relating to disabled persons, land drainage consent, waste management consent, scheduled monument consent or works affecting protected habitats or species.
3. Any non-material change to the approved plan(s) that form part of this permission would require the submission of an application for a non-material change under section 96A of the Town and Country Planning Act 1990. Whether changes to a proposed development are considered non-material is a matter for Planning Authority discretion.
- 4 The approved development should be implemented in strict compliance with all of the planning conditions, and in particular any which require details to be approved prior to the commencement of the development. Failure to do so may result in any commencement of development being unauthorised, which could be liable to enforcement action.
- 5 If you wish to change, or not comply with, any of the planning conditions attached to the permission, then you will need to submit a new application for planning permission under section 73 of the Town and Country Planning Act 1990. This does not affect your statutory rights of appeal against any of the planning conditions. This includes if you wish to not comply with a condition attached to a permission which details the approved plan(s), so as to make a minor material change to the approved plan(s). A minor material change is defined as one whose scale and nature results in a development that is not substantially different from that which has been approved.
- 6 Your attention is drawn to your responsibilities under the Chronically Sick and Disabled Persons Act 1970 and the Equalities Act 2010 relating to disabled persons, to ensure that adequate attention has been paid to their needs. If the proposed development involves new or existing buildings to which the public are to be admitted, or offices, shops, railway premises, factories or educational buildings, provision should be made for the means of access, parking and sanitary conveniences to meet the needs of disabled people. In addition, appropriate signposting of the facilities should be provided. In carrying out these statutory obligations your attention is drawn to the "Code of Practice for Access for the Disabled to Buildings" (BS5810:1979). You are advised to seek professional advice to ensure that you meet your legal obligations under the Equalities Act 2010, especially with regard to Part III thereof.

APPEALS TO THE SECRETARY OF STATE

7 Only the applicant possesses the right of appeal

If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990.

If you want to appeal against your local planning authority's decision then you must do so within 6 months of the date of this notice unless:

- If this is a decision on a planning application relating to the same or substantially the same land and development as is already the subject of an enforcement notice [reference no. if applicable], if you want to appeal against your local planning authority's decision on your application, then you must do so within 28 days of the date of this notice; or
- If an enforcement notice is served relating to the same or substantially the same land and development as in your application and if you want to appeal against your local planning authority's decision on your application, then you must do so within 28 days of the date of service of the enforcement notice, or within 6 months of the date of this notice, whichever period expires earlier.

Appeals must be made using a form which you can get from the Secretary of State at Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN (Tel: 0303 444 5000) or online at <https://www.gov.uk/appeal-planning-decision>

The Secretary of State can allow a longer period for giving notice of an appeal but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.

The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.

If you intend to submit an appeal that you would like examined by inquiry then you must notify the Local Planning Authority and Planning Inspectorate (inquiryappeals@planninginspectorate.gov.uk) at least 10 days before submitting the appeal. [Further details are on GOV.UK.](#)

PURCHASE NOTICES

- 8 If permission to develop land is granted subject to conditions, whether by South Tyneside Council as local planning authority or by the Secretary of State for Communities and Local Government, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted. In these circumstances the owner may serve a purchase notice on the Council, requiring the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.
