

Dr John Partington
10 Barnes Close
Jarrow
Tyne & Wear
NE32 5NY

31st March 2022

Dear Dr Partington

Further to our recent visit and subsequent conversations regarding the above property – we can confirm that the styles and designs proposed will mimic exactly the existing house windows. To include - Trickle Vents, Mock Sash Horns, Astragal Vertical Bars in a grained, foiled white Rehau PVC profile to the front windows.

Having recently completed an installation in Barnes Close which received planning consent and we would ensure that the same criteria and specifications were met.

We did supply a sample of the grained profile which we understand South Tyneside Planning still have.

As a local, family run company we are strongly committed to customer service and quality. We hope that this will meet with your approval. Should you entrust us with your order, it will have our prompt and careful attention.

Should you wish to take advantage of this offer or require any further information regarding this quotation then please do not hesitate to contact us.

We would like to thank you for contacting Monarch Home Improvements on this occasion and we sincerely hope that we can be of service to you in the future.

Yours sincerely

John Tann
