Hi Tom,

Just by way of update I have received a response back from Stagecoach – see below.

Hi Rebecca,

Thanks for this.

As the stop is lightly used and the stop to the south is pretty close that would suffice to us.

Kind Regards

David Sharp
Head of Commercial
Stagecoach North East

Therefore, you can update planning with **no temporary stop** required for this stop closure, customer's will use the previous and next stops whilst the stop is being demolished.

With regards for the replacement stop when do you envisage this being required and do you require costs now.

Regards Becky
