

Biodiversity gain plan

Submit a biodiversity gain plan to show how your development will achieve biodiversity net gain.

When to use this form

A biodiversity gain plan shows how a development will achieve 10% biodiversity net gain (BNG). Submit this form to your local planning authority after they approve your planning application.

Unless your development is exempt, you cannot start the development until the LPA approves your biodiversity gain plan and biodiversity metric calculation tool.

1. Submission details

1.1 Date

For example, 3/11/2023

18/09/2025

1.2 Planning application reference number

250084

1.3 Local planning authority (LPA)

South Tyneside

1.4 Development site address

If the site does not have an address, enter the OS grid reference.

Cleadon Grange,
Shields Road,
Cleadon
SR6 7P2

1.5 Describe the development

Tell us about the proposed development and any changes of use (250 words).

Renovation of 1 no. existing dwelling and construction of 1 no. additional dwelling

2. Developer details

2.1 Applicant name

Grace Luke

2.2 Company name

Camfero Home Ltd

2.3 Address

Unit 1 Kingsway House, Team Valley,
Gateshead
NE11 0HW

2.4 Email address

grace@buckleyburnett.co.uk

2.5 Telephone number

07454798210

2.6 Declaration

By signing this declaration, you confirm that the information you give is complete and correct. Any opinions are your genuine opinions.

2.7 Signature

G.I.Luke

2.8 Date

18/09/2025

3. Responsible person details

Tell us about who is responsible for completing the biodiversity gain plan. For example, a consultancy ecologist or planning agent.

3.1 Name

Grace Luke (as above)

3.2 Company name

3.3 Address

3.4 Email address

3.5 Telephone number

3.6 Declaration

By signing this declaration, you confirm that the information you give is complete and correct. Any opinions are your genuine opinions.

3.7 Signature

3.8 Date

4. Biodiversity net gain strategy

4.1 Is the relevant date for the pre-development biodiversity value the same date as the planning application?

- ☒ Yes
☐ No

4.2 If no, what earlier date did you agree with the LPA?

4.3 How have you met the guidance on ‘what counts towards your BNG’?

[Find out what you can count towards a development's BNG](#)

The Biodiversity Net Gain assessment has been undertaken by a CIEEM certified ecologist. The assessment follows guidance set out within Biodiversity Net Gain: Good Practice Principles for Development (CIEEM, 2016) and is in line with the British Standard 8683:2021: Process for Designing and Implementing Biodiversity Net Gain. Proposals to develop the site have been assessed using the Defra Statutory Biodiversity Metric and a 10% uplift is to be achieved off-site.

4.4 How will you avoid or minimise impacts to habitats?

Tell us about the steps you've taken on site, including to avoid or minimise the impact on irreplaceable habitats.

The development is to occur within an existing residential garden in a suburban setting, and no irreplaceable habitats are present. Avoidance and mitigation measures for priority habitats and species are outlined in the previously submitted EcIA report (Durham Dales Ecology, February 2025).

4.5 Did you use your local nature recovery strategy to inform the strategic significance of habitats?

This includes other specified strategies if you do not have a local nature recovery strategy.

- ☒ Yes
☐ No

4.6 How will you achieve the target net gain percentage?

- ☐ On-site
☒ Off-site

☐ Both

4.7 Are any of your on-site enhancements considered 'significant'?

[Find out what counts as a significant on-site enhancement.](#)

☐ Yes

☒ No

4.8 If yes, tell us about the significant on-site enhancements

Include the appropriate planning condition or how you've secured the habitat.

4.9 How many off-site biodiversity units do you need to meet 10% net gain?

2.06 (area) and 0.31
(hedgerow units)

4.10 Explain why you're using off-site biodiversity units

Only answer this question if you're planning to use off-site biodiversity units (250 words).

On site habitats cannot be created as the site comprises private residential gardens.

4.11 Explain why you're planning to use statutory biodiversity credits

Only answer this question if you're planning to use statutory biodiversity credits (250 words).

4.12 Do you have a habitat management and monitoring plan?

☐ Yes

☒ No

4.13 Have you used the statutory biodiversity metric tool?

☒ Yes

☐ No

4.14 Biodiversity metric calculation

Send your biodiversity metric calculation to the LPA and enter the file name.

The_Statutory_Biodiversity_Metric_CleadonGrange_05.0
2.2025

4.15 Condition assessments

Send your condition assessments to the LPA and enter the file name.

CleadonGrange_EclA_v1.1 – Appendix 3

4.16 Pre-development habitat survey report and map

Send your baseline habitat survey report and map to the LPA. Enter the file name.

CleadonGrange_EclA_v1.1 – Appendix 4

4.17 Post-development habitat map or landscape plan

Send your post-development habitat survey report and map to the LPA. Enter the file name.

CleadonGrange_EclA_v1.1 – Appendix 5

4.18 Have you included an approved habitat degradation in the baseline?

If yes, include the relevant consenting body and reference number.

☐ Yes

☒ No

Consenting body

Reference number

5. Irreplaceable habitats

5.1 Does the development impact any irreplaceable habitats?

If yes, tell us if you've submitted an approved compensation plan.

☐ Yes

☒ No

5.2 Have you submitted an approved compensation plan?

☐ Yes

☐ No

6. On-site habitat enhancements

Answer this section if your development includes on-site habitat enhancements.

6.1 Survey date

For example, 3/11/2023

26/09/24

6.2 Survey constraints

None.

6.3 Total pre-development biodiversity value

Enter the number from the headline results in your statutory biodiversity metric calculation.

Number of area habitat biodiversity units

8.17

Number of hedgerow biodiversity units

0.37

Number of watercourse biodiversity units

N/A

6.4 Total post-development biodiversity value

Enter the number from the headline results in your statutory biodiversity metric calculation.

Number of area habitat biodiversity units

6.93

Number of hedgerow biodiversity units

0.1

Number of watercourse biodiversity units

N/A

6.5 Total net change in biodiversity units

Enter the number from the headline results in your statutory biodiversity metric calculation.

Area habitat biodiversity units

-1.24

Area habitat biodiversity units % change

-15.21

Hedgerow biodiversity units

-0.27

Hedgerow biodiversity units % change

-73.12

Watercourse biodiversity units

N/A

Watercourse biodiversity units % change

N/A

6.6 Will you register and allocate any biodiversity units from your site to other developments?

If yes or provisionally, give details.

☐ Yes

☒ No

6.7 Give details

Tell us about the amount of biodiversity units and the development location (250 words).

7. Off-site habitat enhancements

Answer this section if your development includes off-site habitat enhancements.

7.1 Tell us about the off-site habitat enhancements

Include whether you're delivering the off-site enhancements or buying biodiversity units.

Buying offsite biodiversity units, from Greenwell Farm Habitat Bank.

7.2 Biodiversity gain site register reference number

BGS-050825004

7.3 How have you secured the off-site habitat enhancements?

Tell us about any responsible bodies and whether you've used an S106 or conservation covenant.

Greenwell Farm Habitat Bank is a registered habitat bank, legally secured via Conservation Covenant with Harry Ferguson Holdings Ltd as the responsible body.

7.4 Total baseline biodiversity value

Enter the number from the headline results in your statutory biodiversity metric calculation.

Number of area habitat biodiversity units

5.25

Number of hedgerow biodiversity units

0.11

Number of watercourse biodiversity units

n/a

7.5 Total biodiversity value post-intervention

Enter the number from the headline results in your statutory biodiversity metric calculation.

Number of area habitat biodiversity units

9.37

Number of hedgerow biodiversity units

0.73

Number of watercourse biodiversity units

n/a

7.6 Total net change in biodiversity units

Enter the number from the headline results in your statutory biodiversity metric calculation.

Area habitat biodiversity units

4.12

Area habitat biodiversity units % change

78.53%

Hedgerow biodiversity units

0.62

Hedgerow biodiversity units % change

560.23%

8. Statutory biodiversity credits

Answer this section if you need to use statutory biodiversity credits.

8.1 Do you need to use statutory biodiversity credits?

☐ Yes

☒ No

8.2 How many statutory biodiversity credits do you need?

Tell us the unit shortfall by tier, including the spatial risk multiplier. Enter the number from the headline results in your statutory biodiversity metric calculation.

8.3 What evidence is there that no units are available through the market?

Send a message from at least 3 habitat providers, or a search result from online registers.

8.4 Proof of purchase

Send proof of purchase and enter the reference number.

9. Trading summary

9.1 Distinctiveness group

Tell us if you met the BNG trading rules on habitat compensation for each distinctiveness group. If you did not meet the trading rules, tell us if you agreed bespoke habitat compensation.

Check the rules on habitat compensation in the [statutory biodiversity metric user guide](#).
