South Tyneside Council

Reference:	250717
Location:	67 Ambleside Avenue South Shields NE34 0DY
Ward:	West Park
Description:	Demolition of existing garage and erection of single storey side extension with flat roof and roof lights.
Recommendation:	Grant Permission Householder with Conditions
Case Officer:	Emma Thomas
Case Officer Contact No.:	0191 4247593 or 07741105284

Description of the Site

This application relates to a semi-detached dwelling located within a residential area of South Shields.

Description of the Proposal

This application seeks full householder planning permission for the demolition of the existing garage and the erection of a single storey side extension with flat roof and roof lights.

Summary of Consultation Responses

N/A

Summary of Representations

2no. representations have been received in objection to the proposal from 274 Mortimer Rd. The issues raised are summarised as follows –

- Clarification sought regarding how a pergola would be supported on the shared wall
- Clarification sought regarding the impact upon the garden and garage during construction, and how a drain would be maintained.

Relevant planning policy

Section 38(6) of the Planning and Compulsory Purchase Act 2004 requires that an application for planning permission must be determined in accordance with the adopted development plan, unless material considerations indicate otherwise.

The statutory development plan comprises the Council's adopted Local Development Framework (LDF) development plan documents. Those LDF documents of relevance to this

application comprise of the Core Strategy 2007 and a Development Management Policies Development Plan Document (DPD) 2011.

The following policies of the South Tyneside Local Development Framework are relevant to this planning application:

- LDF Policy DM1 - Management of Development (A and B)
- DM6 - Heritage Assets and Archaeology
- Core Strategy Policy EA3

The following policies and guidance are also relevant to this planning application:

- Supplementary Planning Document 9 (Householder Development)
- Supplementary Planning Document 17 (Monkton Conservation Area Management Plan)

On 4 March 2025, the Council was directed by the Secretary of State for the Ministry of Housing, Communities & Local Government to submit the South Tyneside Local Plan for examination by 12 March 2025 in accordance with Regulation 22 of the Town and Country Planning (Local Planning) (England) Regulations 2012. The Plan has now been submitted and is at the examination stage. Paragraph 49 of the National Planning Policy Framework (2024) states that local planning authorities may give weight to relevant policies in emerging plans according to:

1. the stage of preparation of the emerging plan (the more advanced its preparation, the greater the weight that may be given);
2. the extent to which there are unresolved objections to relevant policies (the less significant the unresolved objections, the greater the weight that may be given); and,
3. the degree of consistency of the relevant policies in the emerging plan to this Framework (the closer the policies in the emerging plan to the policies in the Framework, the greater the weight that may be given).

Whilst the draft Local Plan is now at a more advanced stage of preparation, the weight that can be given to individual Policies in the Plan varies dependent upon the extent and nature of objections to those Policies. In this regard, it is considered that certain Policies can only be afforded very limited or limited weight whilst others can be afforded significant weight in assessing this planning application. Relevant Policies are as listed below (with text provided after each Policy regarding the weight that officers consider can be afforded to that Policy):

- Policy SP1: Presumption in favour of Sustainable Development (limited)
- Policy 1: Promoting Healthy Communities (limited)
- Policy 47 Design Principles (very limited)

National planning policy is also a material consideration in determining this planning application. Relevant national policy comprises the National Planning Policy Framework (NPPF), National Planning Practice Guidance (NPPG), the National Design Guide and the National Model Design Code.

Assessment

The key issues in the assessment of this planning application are as follows:

- Impact on Visual Amenity
- Impact on Residential Amenity

Impact on Visual Amenity

LDF Policy DM1 (A) seeks to preserve visual amenity.

The proposed side extension would replace an existing garage and be located to the rear of the existing porch. The proposed development would be of an acceptable scale and massing having regard to the existing host property and to the surrounding area.

The proposed materials would be in keeping with the materials used in the existing dwellinghouse and as such would be considered to be acceptable.

Having regard to the above, the proposed development is considered to have no significant harm to the visual amenity of the area and is considered to be in accordance with LDF Policy DM1 (A).

Impact on Residential Amenity

LDF Policy DM1 (B) seeks to preserve residential amenity. SPD 9 sets out guidelines for householder developments.

The existing garage located along the side elevation of no. 67 Ambleside Avenue runs along the boundary shared with no. 274 Mortimer Road. The occupant of no. 274 has made representation regarding the proposal as they are concerned about a pergola in their rear garden which is attached to the garage side wall, the impact upon their garage and garden, and how the existing drainage would be affected. These are not planning matters as the pergola would be dealt with under the Party Wall Act and the drainage would be dealt with through Building Control.

The proposed side extension would be marginally higher than the existing garage. It is not considered to adversely impact any of the adjacent neighbours as they are located as a sufficient distance.

Having regard to the above, the proposed development is considered to have no significant harm to the residential amenity of neighbouring properties and is considered to be in accordance with LDF Policy DM1 (B).

Conclusion

In deciding whether to grant planning permission the Council must have due regard to the 3 equality aims contained in Section 149 of the Equality Act 2010 (the public sector equality duty). A preliminary assessment of the potential equality impacts of any grant of planning permission in this case has been undertaken. There are no apparent equality impacts of the proposed development which give rise to the need to undertake a more detailed equality impact assessment.

The development has been assessed against the provisions of the Human Rights Act, and in particular Article 1 of the First Protocol and Article 8 of the Act itself. This Act gives further effect to the rights included in the European Convention on Human Rights. In arriving at this recommendation, due regard has been given to the applicant's reasonable development rights and expectations which have been balanced and weighed against the wider community interests, as expressed through third party interests / the Development Plan and Central Government Guidance.

Having regard for the above it is considered that the proposal would result in no significant harm to the visual amenity of the area, the residential amenity of any neighbouring properties or the highway safety of the area.

As a result, it is considered that the proposed development complies with all relevant local and national planning policy and guidance. Consequently, this application is recommended for approval.

Recommendation

Grant Permission Householder with Conditions

Conditions

1 The development to which this permission relates must be commenced not later than 3 years from the date of this permission.

As required by Section 91 of the Town and Country Planning Act 1990 and to ensure that the development is carried out within a reasonable time.

2 The development shall be carried out in accordance with the approved plan(s) as detailed below

- Drg. No. A200 - Proposed Site Plan - Received 24/11/2025
- Drg. No. A201 - Proposed Floor & Roof Plans - Received 24/11/2025
- Drg. No. A202 - Proposed Elevations - Received 24/11/2025

Any minor material changes to the approved plans will require a formal planning application under S73 of the Town and Country Planning Act 1990 to vary this condition and substitute alternative plans.

In order to provide a procedure to seek approval of proposed minor material change which is not substantially different from that which has been approved.

3 The external surfaces of the development hereby permitted shall be as stated in the submitted application form (received 24/11/2025). Unless otherwise agreed in writing by the Local Planning Authority pursuant to this condition.

To ensure a satisfactory standard of development and in the interests of visual amenity in accordance with South Tyneside LDF Development Management Policy DM1.

Informatives

1 Approval of a Biodiversity Gain Plan NOT REQUIRED before development commences

The effect of paragraph 13 of Schedule 7A to the Town and Country Planning Act 1990 is that planning permission granted for the development of land in England is deemed to have been granted subject to the condition "(the biodiversity gain condition") that development may not begin unless:

(a) a Biodiversity Gain Plan has been submitted to the planning authority, and
(b) the planning authority has approved the plan.

However, based on the information available, this permission is considered to be one which will not require the approval of a biodiversity gain plan before development is begun because one or more of the statutory exemptions or transitional arrangements are considered to apply - please refer to Biodiversity net gain: exempt developments - GOV.UK (www.gov.uk).

2 The proposed development lies within a coal mining area which may contain unrecorded coal mining related hazards. If any coal mining feature is encountered during development, this should be reported immediately to the Mining Remediation Authority on 0345 762 6846 or if a hazard is encountered on site call the emergency line 0800 288 4242.

Further information is also available on the Mining Remediation Authority website at: Mining Remediation Authority - GOV.UK

3 Your attention is drawn to the Party Wall Etc. Act 1996, which provides a framework for preventing and resolving disputes in relation to party walls, boundary walls and excavations near neighbouring buildings.

A building owner proposing to start work covered by the Act must give adjoining owners notice of their intentions in the way set down in the Act. Adjoining owners can agree or disagree with what is proposed. Where they disagree, the Act provides a mechanism for resolving disputes.

The Act is separate from obtaining planning permission or building regulations approval and you can find out more about it at:
https://www.gov.uk/party-wall-etc-act-1996-guidance
