South Tyneside Council hereby certify that on 04.05.2026 that the proposed development (Application for a Lawful Development Certificate for the proposed hip to gable loft conversion with rear dormer) described in the First Schedule to this certificate in respect of the land specified in the Second Schedule to this certificate and edged in red on the plan attached to this certificate would be lawful within the meaning of section 192 of the Town and Country Planning Act 1990 (as amended) for the following reasons:

It is considered that the proposed development would constitute permitted development, in accordance with Schedule 2, Part 1, Class B of the Town and Country Planning (General Permitted Development) (England) Order 2015 and therefore planning permission is not required from the Council for such works subject to the conditions (as set out in that Class) that the materials used in any exterior work shall be of a similar appearance to those used in the construction of the exterior of the existing dwellinghouse; construction requirements in relation to the original roof; and requirements for any insertion of windows on a wall or roof slope forming a side elevation of the dwellinghouse.
