Eligibility

Permitted development rights are subject to conditions set by legislation to ensure that only appropriate proposals are eligible.

The need to apply to the Local Planning Authority to see if prior approval is required is one such condition.

The questions below will help determine if the proposals are eligible for this permitted development right.

For solar proposals, there are several different permitted development rights, each covering specific types of work. Therefore, if not eligible for this one, you may:

- be eligible for a different solar permitted development right;
- not require prior approval;
- require an application for planning permission.

General

Is this application for the installation, alteration or replacement of microgeneration solar PV or solar thermal equipment on -

(a) a dwellinghouse or a block of flats; or

(b) a building situated within the curtilage of a dwellinghouse or a block of flats?

☒ Yes

☐ No

Note: 'Microgeneration' in this context means that the total installed capacity of any equipment should not exceed:

(a) in relation to the generation of electricity, 50 kilowatts;

(b) in relation to the production of heat, 45 kilowatts thermal.

Is any part of the site designated as scheduled monument?

☐ Yes

☒ No

Would the solar equipment be installed on a building which is within the curtilage of a block of flats or dwelling house which is a listed building?

☐ Yes

☒ No

Would the development be, so far as practicable, sited to minimise the effect on the external appearance of the building and amenity of the local area, and be removed as soon as practicable when no longer needed?

☒ Yes

☐ No

Type of Work

Would the proposed solar PV or solar thermal equipment be situated on a:

☐ Pitched Roof

☒ Flat Roof

☐ Wall

Flat Roof

Would the highest part of the proposed solar PV or solar equipment be more than 0.6 metres higher than the highest part of the roof (excluding any chimney)?

☐ Yes

☒ No

Would the proposed equipment be installed on a building situated:

- in a conservation area;
- in an area of outstanding natural beauty;
- in an area specified by the Secretary of State for the purposes of enhancement and protection of the natural beauty and amenity of the countryside;
- in the Broads;
- in a National Park;
- in a World Heritage Site?

☒ Yes

☐ No

Description

Please describe the proposed development

Installation of 12 solar panels on a GRP flat roof of an existing bedroom extension above an existing garage.

Please provide details of any impact of the solar equipment on the land and how this will be mitigated. This should also identify and address the land's designation(s) as:

- conservation area;
- area of outstanding natural beauty;
- an area specified by the Secretary of State for the purposes of enhancement and protection of the natural beauty and amenity of the countryside;
- the Broads;
- a National Park;
- a World Heritage Site.

The house is located in Cleadon Conservation Area.

To minimise the visibility it is proposed to install the panels flat on the flat roof which is 5.6m above ground level and they will protrude < 120mm above the roof and far enough from the edges to not be very obvious from the road especially from the front as there is a 35mm up-stand along that part of the roof.

Declaration

I/We hereby apply for Prior Approval: Installation or alteration of solar equipment on domestic premises as described in the questions answered, details provided, and the accompanying plans/drawings and additional information.

I/We confirm that, to the best of my/our knowledge, any facts stated are true and accurate and any opinions given are the genuine opinions of the person(s) giving them.

I/We also accept that, in accordance with the Planning Portal's terms and conditions:

- Once submitted, this information will be made available to the Local Planning Authority and, once validated by them, be published as part of a public register and on the authority's website;
- Our system will automatically generate and send you emails in regard to the submission of this application.

☒ I / We agree to the outlined declaration

Signed

Keith Lambley
